THE JOURNAL OF INDUSTRIAL ECONOMICS 0022-1821
Volume XLI 1993

# CUMULATIVE 40 YEAR INDEX FOR THE JOURNAL OF INDUSTRIAL ECONOMICS VOLUMES I–XL (1952–1992)

This index lists all papers that have appeared in Volumes I–XL, giving the year of publication, title, volume, page numbers, and classification. In the first part, papers are listed alphabetically by author and in the second part by subject.

Volume XLI 1993

# CATEGORY INDEX

The classification scheme used here is a modified and extended version of the *Journal of Economic Literature's* Classification System for Journal Articles. Within each category papers are listed chronologically and then alphabetically (by first author only). Dual classifications have been used where appropriate, particularly for the Industry Studies.
